7. Mock Examinations
8. Examinations in Other Countries
9. Subjects, Exam Codes and Entry
10. Monitoring and Review

1. Purpose

Tarbiyyah Global Academy is not itself an examination centre. Our pupils sit external examinations as **private candidates** at approved examination centres near their homes, as is standard for online and home-educated pupils. This policy explains how the Academy prepares pupils, supports families to secure entries, and manages access

arrangements.

2. Responsibilities

Who	Responsibilities
Academy	Teaches the specification; advises on subject and tier choices; provides predicted grades and mock examinations; gives parents a list of suitable centres; supports applications for access arrangements; confirms candidate details to centres on request
Parents	Register and pay the examination centre by its deadlines; ensure the pupil attends with identification; keep the Academy informed of entries and timetables
Examination centre	Accepts the entry, conducts the examination under JCQ regulations, and issues results and certificates
Pupils	Prepare fully, follow the centre's rules, and act with integrity

3. Choosing Qualifications

Pupils are entered for International GCSE examinations, which are assessed by examination and widely available to private candidates in the UK and abroad. Where a course is taught to a GCSE specification, pupils sit the matching International GCSE. If a subject has any non-examined assessment, the Academy will confirm in advance how it can be completed and authenticated.

4. Timeline (typical)

When	What happens
Autumn of Year 10	Academy shares subject, tier and board information and a list of centres
Autumn of Year 11	Mock examinations; Academy issues guidance on entries and tiers
By the centre's deadline (often autumn–January)	Parents secure entries for the summer series
January–March	Access arrangement applications completed with the centre
May–June	Examinations sat at the centre
August	Results issued by the centre; Academy supports post-16 next steps

Late-entry fees charged by awarding bodies or centres are the responsibility of the family.

5. Costs

Examination and centre fees are not included in Academy tuition fees and are paid by families directly to the centre, as set out in the Fees Policy. Centre charges vary and are set by the centre.

6. Access Arrangements

Pupils with SEND, medical conditions or temporary injuries may be eligible for access arrangements (for example extra time, a reader or a scribe). The Academy provides evidence of normal way of working and professional

reports to support the centre's application under JCQ rules. Families should raise needs as early as possible, ideally by the start of Year 11.

7. Mock Examinations

Mock examinations are held in Year 11 (and at the end of Year 10) under secure conditions, using Safe Exam Browser and live invigilation, or with paper-based submission under timed, camera-on conditions. Results inform predicted grades and entry decisions.

8. Examinations in Other Countries

Families living outside the UK can usually sit International GCSEs at British Council or other approved international centres, which is one reason the Academy enters pupils for International GCSEs. The Academy will advise on centres when subjects are chosen.

9. Subjects, Exam Codes and Entry

In Years 10 and 11 pupils are entered for Pearson Edexcel International GCSEs: English Language B (4EB1), English Literature (4ET1), Mathematics A (4MA1), Science (Double Award 4SD0, or Biology 4BI1, Chemistry 4CH1 and Physics 4PH1) and Islamic Studies (4IS1), with two options from Arabic (First Language) (4AA1), Business (4BS1), Computer Science (4CP0) and Geography (4GE1). English Language, Mathematics, Computer Science, Geography and Arabic are taught from the UK GCSE specifications (AQA 8700, Pearson Edexcel 1MA1, 1CP2 and 1AA0, and AQA 8035), and teachers add the content and exam practice each International GCSE requires. History is taught from Year 1 to Year 9 and is not offered at Key Stage 4.

International GCSEs are not regulated by Ofqual; Pearson describes them as generally equivalent to GCSEs, and sixth forms and universities set their own entry requirements. Computer Science (4CP0) includes a 3-hour practical examination on a computer, held in June, so families must choose a centre that can run it. English Language B and Arabic have no compulsory speaking test. Geography fieldwork is examined in the written papers, and pupils complete one physical and one human fieldwork enquiry during the course. Entry for Arabic (First Language) is confirmed for each pupil by the end of Year 10.

10. Monitoring and Review

This policy is reviewed annually by the Examinations Officer and Headteacher.
